

Public Private Partnerships (PPPs) - Not Just for Toll Roads!

Renewing our Schools and Public Buildings with Private Finance

Wonder why over \$36 billion transportation projects have been delivered with public-private partnerships since 2010, yet only 1 public building PPP has been constructed? Curious how we can accelerate construction, generate cost savings, protect teachers and children, and create jobs by spurring public building PPPs?

Join **Rep. Mike Kelly (R-PA)** and **Rep. Earl Blumenauer (D-OR)**, lead sponsors of the Public Building Renewal Act of 2017, for a lively discussion moderated by **CNBC's Brian Sullivan** on how this bill can catalyze private investment in America's crumbling public buildings!

Location: Longworth House Office Building, 1310

Time: Friday, May 19, 2017 from 8:30 AM-10:00 AM
(Breakfast served)

Event Moderated by: Brian Sullivan, Host of CNBC Power Lunch
